# CPP20511 Certificate II in Fire Protection Inspection and Testing Information Sheet

## Who is this Certificate II for?

This Certificate II is for people who are, or aspire to be, fire protection technicians who undertake inspection and testing of the most common types of fire equipment.

## Is this Certificate II recognised?

This Certificate II Fire Protection Inspection and Testing is a Nationally Recognised Training Course. Its course code is CPP20511. It is recognised throughout Australia and is equivalent to courses offered by TAFE colleges and industry organisations. Specific electives may also satisfy the technical qualifications for Occupational Fire Licences in various states and for Fire Industry Accreditation Schemes. This course is a pathway to CPP30811 Certificate III in Fire Protection Inspection and Testing.

## What prerequisites/enrolment requirements does this Certificate II have?

There are no formal prerequisites. You also need access to a computer with a printer, email access, a word processor program and the ability to use these items. For Assessment Only Options the participant must provide all systems and/or equipment for assessment.

## What skills and knowledge will I have after I complete this Certificate II?

At the completion of this Certificate II you must be able to undertake inspection and testing (and installation depending on the units undertaken) of specific fire systems that meet the requirements of the relevant Australian Standards.

## How will I learn?

Learning is by various pathways but usually involves face-to-face workshops and pre and/or post workshop activities. Contact us for dates of nearby workshops. There are different pathways that suit different types of participants.

**Training and Assessment Options** (Note: Not all Options are available for all units)

**Face-to-Face Training & Assessment** – An option where Training and Assessment is undertaken completely face-to-face. For participants with limited experience or want a structured learning.

**Online Training & Face-to-Face Assessment** – An option where Training is undertaken online and then undertaken face-to-face assessment. For participants who work independently.

**Online Training & Assessment** – An option where Training and Assessment is undertaken completely online. This pathway suits participants who can work independently.

**Assessment Only** – An option where Assessments are undertaken face-to-face. For participants with extensive experience and already possess the required knowledge and skills.

## What sort of assessments are there?

Assessment techniques include oral questions, simulated activities, assessor observation, written assessments and practical assessments. For External Training and Assessment and Assessment Only Options the participant must provide all systems and/or equipment for assessment.

## What subjects (Units of Competencies) are there?

You need to complete all 7 core subjects and a minimum of 6 elective subjects.

## Can I get RPL if I already have the required skills and knowledge?

Yes, your previous learning and current work experience may be used to satisfy all or some of the course requirements by using a Recognition of Previous Learning (RPL) process or alternatively you may undertake the Assessment only option. Contact us for further information.

## How long will it take to complete and how much does it cost?

The time required and price will depend on the units undertaken and your previous experience. Unless you have relevant industry experience of more than 1 year, this Certificate II must be completed over a time period of 6 months. Costing can be found on page 2. **NOTE:** Fees are per person. Fees are the same for Assessment only or RPL. All fees **MUST** be paid prior to the Certificate being issued.

## How do I apply to enrol?

Complete the Online Enrolment Application Form. Pay the course deposit. Deposits will be refunded for unsuccessful enrolments.

## What other information do I need to know?

The PIT Student Handbook contains additional information including but not limited to course fees, payments, enrolments, refunds, substitutions, cancellations, complaints and appeals, training and competency based assessment, being reassessed, RPL, mutual recognition, student welfare, student details privacy, student rights, student responsibilities and OHS.

## Am I guaranteed to either receive my qualification or that I will get a job?

Pacific Institute of Technology **DOES NOT** guarantee that you will receive your qualification only that it will provide training and assessment and **DOES NOT** guarantee you will get a job

## Individual Certificate II Program

### Core Units - *ALL Core units to be undertaken*

BSBWOR202A	Organise and complete daily work activities
CPPCMN2002A	Participate in workplace safety arrangements
CPPCMN2003A	Provide effective client service
CPPFES2004A	Identify types of installed fire safety equipment and systems
CPPFES2005A	Demonstrate first attack firefighting equipment
CPPFES2006A	Prepare for installation and servicing operations
CPPFES2007A	Maintain quality of work and promote continuous improvement

**Assessment Only \$700      Online Training & Face-to-Face Assessment \$1000**

### Individual Core Units - *price per unit*

**Assessment Only \$150      Online Training & Face-to-Face Assessment \$200**

### Elective Units – *A MINIMUM of 6 units to be undertaken*

#### Groups of 2 Elective Units - *price per group of 2 units*

CPPFES2011A	Install portable fire extinguishers and fire blankets
CPPFES2020A	Conduct routine inspection and testing of fire extinguishers and fire blankets

**Assessment Only \$450      Online Training & Face-to-Face Assessment \$700**

CPPFES2035A	Identify, inspect and test fire and smoke doors
CPPFES2039A	Identify, inspect and test passive fire and smoke containment products and systems

**Assessment Only \$450      Online Training & Face-to-Face Assessment \$700**

CPPFES2029A	Conduct functional tests on fire detection, warning and intercommunication devices
CPPFES2047A	Inspect and test control and indicating equipment

**Face-to-Face Training & Assessment \$750**

#### Individual Elective Units

CPPFES2003A	Safely move loads and dangerous goods
-------------	---------------------------------------

**Assessment Only \$225      Online Training & Face-to-Face Assessment \$300**

CPPFES2010A	Inspect and test fire hose reels
-------------	----------------------------------

**Assessment Only \$250      Online Training & Face-to-Face Assessment \$350**

CPPFES2016A	Inspect, test and maintain delivery lay flat fire hoses
-------------	---

**Face-to-Face Training & Assessment \$500**

CPPFES2026A	Inspect and test emergency and exit lighting systems
-------------	--

**Assessment Only \$300      Online Training & Face-to-Face Assessment \$400**

CPPFES2027A	Inspect, test and maintain non-gaseous pre-engineered fire suppression systems
-------------	--

**Face-to-Face Assessment \$500**

CPPFES2029A	Conduct functional tests on fire detection, warning and intercommunication devices
-------------	--

**Face-to-Face Training & Assessment \$600**

CPPFES2037A	Inspect and test fire hydrant systems
-------------	---------------------------------------

**Assessment Only \$300      Online Training & Face-to-Face Assessment \$400**

CPPFES2043A	Prevent ozone depleting substance and synthetic greenhouse gas emissions
-------------	--

**Online Training & Assessment \$250      Online Training & Face-to-Face Assessment \$400**

CPPFES2047A	Inspect and test control and indicating equipment
-------------	---

**Face-to-Face Training & Assessment \$400**

CPCPFS3020A*	Conduct basic functional testing of complex water-based fire-suppression systems
--------------	--

**Face-to-Face Training & Assessment \$600**

CPCPFS3021A*	Inspect and test fire pumpsets
--------------	--------------------------------

**Face-to-Face Training & Assessment \$600**

HLTFA301C      Apply first aid *Can be obtained from another RTO and used as an elective*

#### A MAXIMUM of 2 of the following units may be undertaken

BSBCUS301	Deliver and monitor a service to customers
-----------	--

**Online Training & Face-to-Face Assessment \$300**

BSBWOR301A	Organise personal work priorities and development
------------	---

**Online Training & Face-to-Face Assessment \$300**

CPCCOHS2001A	Apply OHS requirements, policies and procedures in the construction industry
--------------	--

**Online Training & Assessment \$250**

CPCPFS3022A*	Conduct annual functional testing of complex water-based fire-suppression systems
--------------	---

**Face-to-Face Training & Assessment \$1200**

CPCPFS3023A*	Conduct functional water flow testing
--------------	---------------------------------------

**Face-to-Face Training & Assessment \$1200**

CPPFES2027A	Install and commission pre-engineered fire suppression systems*
-------------	---

**Face-to-Face Assessment \$800**

PUAFER003	Manage and monitor facility emergency procedures, equipment and other resources
-----------	---

**Online Training & Face-to-Face Assessment \$400**

**NOTE: For subjects followed by an \* the participant must provide ALL equipment for assessment**

# CPP20511 Certificate II in Fire Protection Inspection and Testing Information Sheet

**Common Certificate II Programs** (All Programs include the Core Units)

## Program 1 – Fire Extinguishers (FE)

BSBWOR301A Organise personal work priorities and development  
CPPFES2003A Safely move loads and dangerous goods  
CPPFES2011A Install portable fire extinguishers and fire blankets  
CPPFES2020A Conduct routine inspection and testing of fire extinguishers and fire blankets  
CPPFES2043A Prevent ozone depleting substance and synthetic greenhouse gas emissions  
HLTFA301C Apply first aid. *You may obtain this unit from another RTO and use it as an elective Assessment Only \$1750 (1 Day)*  
*Online Training & Face-to-Face Assessment \$2000 (2 Day)*

## Program 2 - FE + Fire Hose Reels (FHR) + Fire Hydrants (FH)

CPPFES2003A Safely move loads and dangerous goods  
CPPFES2010A Inspect and test fire hose reels  
CPPFES2011A Install portable fire extinguishers and fire blankets  
CPPFES2020A Conduct routine inspection and testing of fire extinguishers and fire blankets  
CPPFES2043A Prevent ozone depleting substance and synthetic greenhouse gas emissions  
CPPFES2037A Inspect and test fire hydrant systems  
*Assessment Only \$2000 (1 Day)*  
*Online Training & Face-to-Face Assessment \$2500 (3 Day)*

## Program 3 FE + FHR + Exit & Emergency Lights (EEL)

CPPFES2003A Safely move loads and dangerous goods  
CPPFES2011A Install portable fire extinguishers and fire blankets  
CPPFES2020A Conduct routine inspection and testing of fire extinguishers and fire blankets  
CPPFES2043A Prevent ozone depleting substance and synthetic greenhouse gas emissions  
CPPFES2010A Inspect and test fire hose reels  
CPPFES2026A Inspect and test emergency and exit lighting systems  
*Assessment Only \$2000 (1 Day)*  
*Online Training & Face-to-Face Assessment \$2500 (3 Day)*

## Program 4 FE + FHR + EEL + FH

CPPFES2003A Safely move loads and dangerous goods  
CPPFES2010A Inspect and test fire hose reels  
CPPFES2011A Install portable fire extinguishers and fire blankets  
CPPFES2020A Conduct routine inspection and testing of fire extinguishers and fire blankets  
CPPFES2026A Inspect and test emergency and exit lighting systems  
CPPFES2037A Inspect and test fire hydrant systems  
*Assessment Only \$2100 (1 Day)*  
*Online Training & Face-to-Face Assessment \$2700 (3 Day)*

## Program 5 – Passive Fire

BSBWOR301A Organise personal work priorities and development  
CPCCOHS2001A Apply OHS requirements, policies and procedures in the construction industry  
CPPFES2003A Safely move loads and dangerous goods  
CPPFES2035A Identify, inspect and test fire and smoke doors  
CPPFES2039A Identify, inspect and test passive fire and smoke containment products and systems  
CPPFES2043A Prevent ozone depleting substance and synthetic greenhouse gas emissions  
*Assessment Only \$1800 (1 Day)*  
*Online Training & Face-to-Face Assessment \$2400 (3 Day)*

## Program 6 FE + FHR + EEL + FH + Passive Fire

CPPFES2003A Safely move loads and dangerous goods  
CPPFES2010A Inspect and test fire hose reels  
CPPFES2011A Install portable fire extinguishers and fire blankets  
CPPFES2020A Conduct routine inspection and testing of fire extinguishers and fire blankets  
CPPFES2026A Inspect and test emergency and exit lighting systems  
CPPFES2035A Identify, inspect and test fire and smoke doors  
CPPFES2037A Inspect and test fire hydrant systems  
CPPFES2039A Identify, inspect and test passive fire and smoke containment products and systems  
*Assessment Only \$2600 (1 Day)*  
*Face-to-Face Training & Assessment \$3300 (4 Day)*

## Program 7 Fire Detection Systems + EEL

BSBWOR301A Organise personal work priorities and development  
CPPFES2003A Safely move loads and dangerous goods  
CPPFES2026A Inspect and test emergency and exit lighting systems  
CPPFES2029A Conduct functional tests on fire detection, warning and intercommunication devices  
CPPFES2043A Prevent ozone depleting substance and synthetic greenhouse gas emissions  
CPPFES2047A Inspect and test control and indicating equipment  
*Assessment Only \$2100 (1 Day)*  
*Face-to-Face Training & Assessment \$2700 (3 Day)*
