RTO ID Number: 40843

Fire Protection Accreditation Scheme (FPAS) Inspect and Test Class Information Sheet

Who is this Course for?

This course is for experienced fire protection technicians seeking Qualified Accreditation under the Fire Protection Accreditation Scheme (FPAS). Pacific Institute of Technology can provide training and assessment that are required as part of the FPAS Qualified Accreditation in various 'Inspect and Test' categories. FPAS has additional requirements for achieving FPAS Qualified Accreditation. For further information go to www.fpa.com.au. Pacific Institute of Technology is a training provider and is NOT associated with the Fire Protection Association Australia.

Is this training recognised?

Units of Competencies in these courses are Nationally Recognised Training and are recognised throughout Australia and are equivalent to courses offered by TAFE colleges and industry organisations. These courses can be a pathway to CPP20511 Certificate II in Fire Protection Inspection and Testing or CPP30811 Certificate III in Fire Protection Inspection and Testing.

What subjects are there?

See page 2 for Core subjects (Units of Competencies) and specific subjects for each Categories.

What prerequisites/enrolment requirements does this Course have?

There are no formal prerequisites. You also need access to a computer with a printer, email access, a word processor program and the ability to use these items. For the Assessment Only Option the participant must provide all systems and/or equipment for assessment.

What skills and knowledge will I have after I complete this Course?

At the completion of this Course you must be able to undertake inspection and testing (and installation depending on the units undertaken) of specific fire systems that meet the requirements of the relevant Australian Standards.

How will I learn?

Learning is by various pathways but usually involves face-to-face workshops and pre and/or post workshop activities. Contact us for dates of nearby workshops. There are different pathways that suit different types of participants.

Training and Assessment Options (Note: Not all Options are available for all units)

Face-to-Face Training & Assessment – An option where Training and Assessment is undertaken completely face-to-face. For participants with limited experience or want a structured learning.

Online Training & Face-to-Face Assessment – An option where Training is undertaken online and then undertaken face-to-face assessment. For participants who work independently.

Online Training & Assessment – An option where Training and Assessment is undertaken completely online. This pathway suits participants who can work independently.

Assessment Only – An option where Assessments are undertaken face-to-face. For participants with extensive experience and already possess the required knowledge and skills.

What sort of assessments are there?

Assessment techniques include oral questions, simulated activities, assessor observation, written assessments and practical assessments. For External Training and Assessment and Assessment Only Options the participant must provide all systems and/or equipment for assessment.

Can I get RPL if I already have the required skills and knowledge?

Yes, your previous learning and current work experience may be used to satisfy all or some of the course requirements by using a Recognition of Previous Learning (RPL) process or alternatively you may undertake the Assessment only option. Contact us for further information.

How long will it take to complete and how much does it cost?

The time required and price will depend on the units undertaken and your previous experience. Costing can be found below and on page 2. (Prices valid to 01/01/2022)

How do I apply to enrol?

Complete the Online Enrolment Application Form. Pay the course deposit. Deposits will be refunded for unsuccessful enrolments.

What other information do I need to know?

The PIT Student Handbook contains additional information including but not limited to course fees, payments, enrolments, refunds, substitutions, cancellations, complaints and appeals, training and competency based assessment, being reassessed, RPL, mutual recognition, student welfare, student details privacy, student rights, student responsibilities and OHS.

Am I guaranteed to either receive my qualification or that I will get a job?

Pacific Institute of Technology DOES NOT guarantee that you will receive your qualification only that it will provide training and assessment and DOES NOT guarantee you will get a job. We also do not guarantee you will receive FPAS accreditation.

Fire Protection Accreditation Scheme (FPAS) Inspect and Test Class Information Sheet

FPAS Inspect and Test Core Units (Compulsory)

Core Group (Students WITH an existing 'White Card')

CPPFES2003	Safely move loads and dangerous goods
CPPFES2004	Identify and report on types of installed fire safety equipment and systems
CPPFES2006	Prepare for installation and servicing operations

Face-to-Face Training & Assessment \$400

If you don't have a 'White Card' you also need to undertake the following Unit

CPPCMN2002	Participate in workplace safety arrangements
------------	--

Face-to-Face Training & Assessment \$250

FPAS Inspect and Test Categories (Note: prices below do NOT include the Core units)

Category 1 – Fire sprinkler systems (Routine)

CPPFES2047	Inspect and test control and indicating equipment
CPCPFS3040	Conduct basic functional testing of complex water-based fire-suppression

Assessment Only \$800

Category 1 – Fire sprinkler systems (Complex)

CPPFES2047	Inspect and test control and indicating equipment
CPCPFS3040	Conduct basic functional testing of complex water-based fire-suppression systems
CPCPFS3041	Inspect and test fire pumpsets
CPCPFS3042	Conduct annual functional testing of complex water-based fire-suppression systems
CPCPFS3043	Conduct functional water flow testing

Assessment Only \$3000

Category 2 – Fire Pumpsets (Routine)

CPPFES2047	Inspect and test control and indicating equipment
CPCPFS3041	Inspect and test fire pumpsets

Assessment Only \$800

Category 2 – Fire Pumpsets (Complex)

CPPFES2047	Inspect and test control and indicating equipment
CPCPFS3041	Inspect and test fire pumpsets
CPCPFS3043	Conduct functional water flow testing

Assessment Only \$1700

Category 3 – Fire hydrant systems (Routine)

CPPFES2037	Inspect and test fire hydrant systems
------------	---------------------------------------

Face-to-Face Training & Assessment \$400

Category 3 – Fire hydrant systems (Complex)

CPPFES2037	Inspect and test fire hydrant systems
CPCPFS3043	Conduct functional water flow testing

Assessment Only \$1200

Category 4 – Fire detection and alarm systems (Routine)

CPPFES2047	Inspect and test control and indicating equipment
------------	---

Face-to-Face Training & Assessment \$400

Category 4 – Fire detection and alarm systems (Complex)

CPPFES2047	Inspect and test control and indicating equipment
CPPFES2029	Conduct functional tests on fire detection, warning & intercommunication devices

Face-to-Face Training & Assessment \$750

Category 5 – Gaseous suppression systems

CPPFES2025	Inspect, test and maintain gaseous fire-suppression systems
CPPFES2043	Apply regulations to prevent ozone depleting substance and synthetic greenhouse gas emissions
CPPFES2047	Inspect and test control and indicating equipment

Face to Face Training and Assessment \$1700

Category 6 – Pre-engineered fire suppression systems (non-gaseous)

CPPFES2027	Inspect, test and maintain non-gaseous pre-engineered fire-suppression systems
------------	--

Assessment Only \$600

Category 7 – Portable fire equipment and fire hose reels (2 Days)

CPPFES2005	Demonstrate first attack fire fighting equipment
CPPFES2010	Inspect and test fire hose reels
CPPFES2011	Install portable fire extinguishers, fire cabinets and fire blankets
CPPFES2020	Conduct routine inspection and testing of fire extinguishers and fire blankets

Face-to-Face Training & Assessment \$950

Category 8 – Fire and smoke doors

CPPFES2035	Identify, inspect and test fire and smoke doors
------------	---

Face-to-Face Training & Assessment \$500

Category 9 – Fire seals and collars

CPPFES2039	Identify, inspect and test passive fire and smoke containment products and systems
------------	--

Face-to-Face Training & Assessment \$500

Categories 8 and 9 taken together - Face-to-Face Training & Assessment \$700

Category 10 – Exit and emergency lighting

CPPFES2026	Inspect and test emergency and exit lighting systems
------------	--

Online Training & Face-to-Face Assessment \$300

Face-to-Face Training & Assessment \$400
